Welcome letter

On behalf of the Organizing Committee, it is my pleasure to invite you to participate in the 16th European Conference on Applications of Surface and Interface Analysis ECASIA'15, Granada (Spain) between September 28th and October 1st, 2105. ECASIA is an established international Conference series concerned with all aspects of biological, chemical and physical interactions at interfaces, and is targeted at those using surface analytical, surface specific or surface sensitive techniques for fundamental and applied purposes. The ECASIA biannual conference series was first held in Veldhoven in the Netherlands 30 years ago, and have been aiming to provide a platform for an exchange between scientists from industry, academia, government and suppliers of equipment for surface analysis. The meetings have focused on and intended for those using surface analytical, surface specific or surface sensitive techniques for applied purposes.

We have chosen Granada, a beautiful Mediterranean city with a rich and ancient history, as the site of the conference. The scientific activity during the conference will take place at the Granada Congress and Exhibition Center located down town (10 minutes walk from the city center). This place was selected on account of its excellent facilities, and ease of access from air (Málaga International airport is 1 hour drive from Granada) and terrestrial transportation.

We invite you all to ECASIA'15 in Granada, wishing you a fruitful meeting and a pleasant stay in Spain.

Francisco YUBERO

Chair of ECASIA'15

16th European Conference

ON APPLICATIONS OF SURFACE AND INTERFACE ANALYSIS
